**CONTEXT**

The data relates to 'recordable crimes' under Home Office recording rules and indicates those offences that have been perceived as hate crimes by the victim or any other person. Crimes were recoded from 1st January to 31st December 2010 in all police forces in England, Wales and Northern Ireland.

The Police Service is committed to reducing the under-reporting of hate crime and would view increases in this data as a positive indicator, so long as it reflects an increase in reporting and not an increase in the actual incidence of crime which we strive to reduce.

**CAVEATS TO DATA**

Improvements in the way forces collect and record hate crime data mean that direct year-on-year comparisons can be misleading. Individual forces are better placed to reflect on statistical variation in their geographical areas.

All hate crimes are included and not additional to general crime (i.e. all these crimes are also recorded in the figures for the relevant crime types, for example, robbery, assault etc.)

Forces have only been collating data for the five strands of hate crime since 1st April 2008.

Data for non-crime incidents is held locally. They are not included in this data and not centrally collated by ACPO.
